

TITAN 8x8

Recessed propellant lift and spacious lower compartments

Hose reel compartment

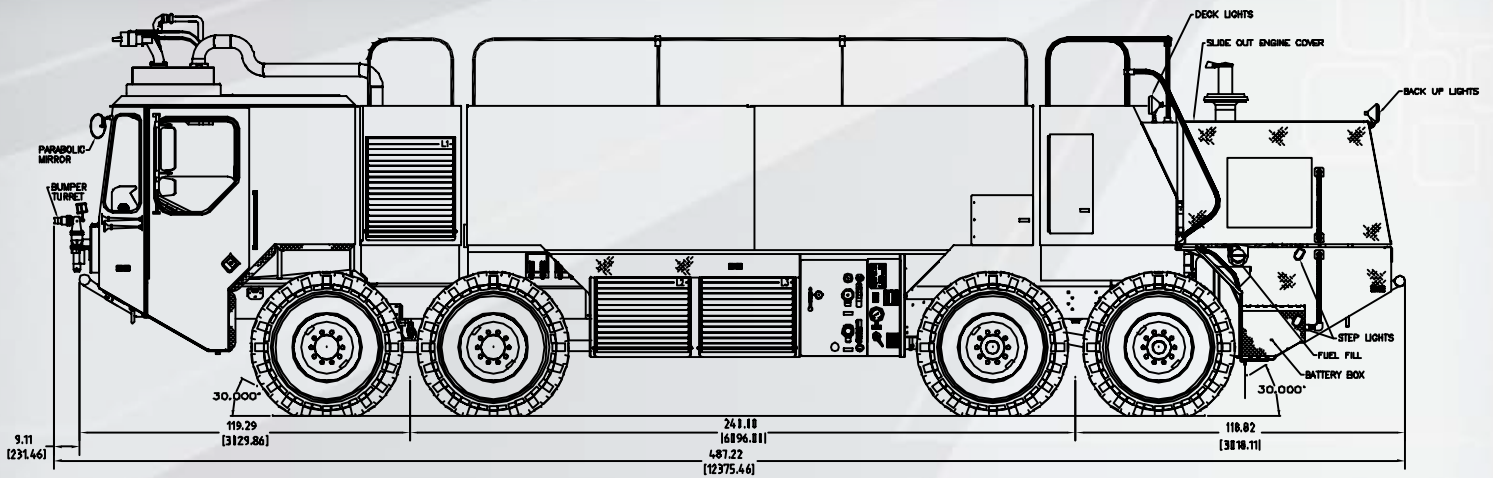

TITAN 8x8

For over 25-years E-ONE has been leading the industry in the engineering, manufacturing and delivery of the most reliable ARFF vehicles worldwide. Meeting FAA, NFPA and ICAO standards is a must, but is just the beginning of what we offer. Understanding how equipment is used and needed through direct firefighter experience gives E-ONE an advantage in designing, engineering and producing superior apparatus capable of meeting and exceeding customer needs and expectations. The innovative E-ONE HPR 8x8 steps well above standard, offering features that save time, space and promote safety – when seconds count.

- Unique engine cover allows full access to engine compartment
- Large unobstructed compartments
- Multiplex wiring system allows easy trouble-shooting
- Standard disc brakes for increased performance
- Lube-for-life sealed suspension
- Patented slip-resistant walking surface

TITAN 8x8

STANDARD FEATURES

CHASSIS

- High strength extruded-aluminum cab
- 88,000-GVW
- 665-HP Detroit Diesel Series 60 engine
- Twin disc six speed automatic transmission
- (2) 46-gallon fuel tanks

- Tilt-telescoping steering column

BODY

- 3000-gallon poly water tank
- 400-gallon foam tank
- Multiplex electrical system
- Zolatone painted compartment interior

PLUMBING

- Hale® 2000-GPM pump
- Williams ATP foam system
- Manual metering valve
- Akron non aspirating roof turret
- (1) 4.5" water fill
- (1) 2.5" water fill/drain

- (1) 1.5" foam fill/drain
- (1) 2.5" discharge
- (1) 4.5" master pressure gauge
- (1) Test port
- (1) Master drain

POPULAR OPTIONS

CHASSIS

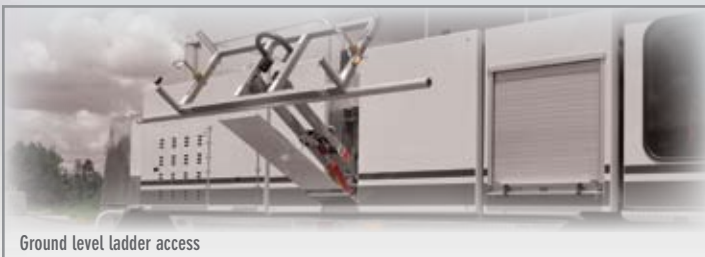

- Air conditioning
- Davis high performance struts
- CTI (Central Tire Inflation)
- Camera and video packages
- DEVS (Driver's Enhanced Visual System)
- MADAS (Monitoring and Data Acquisition System)

BODY

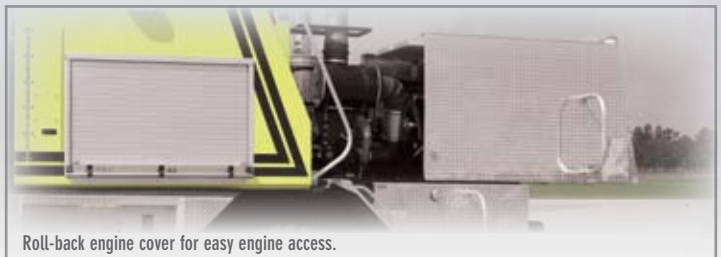

- RPBL system (Recessed Propellant Bottle Lift)
- Zico electric ladder rack
- Hydraulic or diesel generators
- Light towers
- SCBA bottle storage racks

PLUMBING

- Structural pump panel
- Bumper turret
- Dry chemical or Halotron 460-lb. system
- Ground sweeps
- Winterization package
- Hydro-Chem™ turrets and nozzles
- Snozzle™ high reach boom

Ground level ladder access

Roll-back engine cover for easy engine access.
